

Primer X Concentrate LEVELMAX

1:1 Dilutable Acrylic Bonding Primer for Self-Levelling Compounds

The Next Level in Sustainable Building Solutions

Issue Date: October 2026 Version: 1.1 (AU)

SAFETY DATA SHEET

SECTION 1: IDENTIFICATION

Product Identifier

Product Name: LEVELMAX Primer X Concentrate
Chemical Family: Water based acrylic primer
Recommended Use: Concentrated acrylic primer for cement-based self-levelling compounds.
Dilute 1:1 with clean water before application.

Details of the Supplier of the Safety Data Sheet

Supplier: LevelMax Australia (Level Flow Pty Ltd, ABN 75 680 434 128)
Address: Unit L/61-65 Roberts Rd, Greenacre NSW 2190, Australia
Website: www.levelmax.com.au
Email: info@levelmax.com.au
Telephone: 1300 601 898

Emergency Telephone Number

Australia Emergency Services: 000 Australian Poisons Information Centre: 13 11 26
New Zealand Emergency Services: 111
New Zealand National Poisons Centre: 0800 POISON (0800 764 766)

SECTION 2: HAZARD(S) IDENTIFICATION

Classification of the Substance or Mixture

Not classified as DANGEROUS GOODS by the criteria of the Australian Dangerous Goods Code (ADG Code) for transport by Road and Rail.
Not classified as HAZARDOUS according to Safe Work Australia (GHS 7).

Label Elements

Hazard Statements:
Prolonged skin contact may cause damage to the skin.
Precautionary Statements:
Avoid contact with skin and eyes.
Wear protective gloves and eye protection.

SECTION 3: COMPOSITION AND INFORMATION ON INGREDIENTS

Ingredient	Proportion (%)
Styrene acrylic emulsion	35%
Water	62.85%
Film-forming additive	1.75%
Fungicide	0.2%
Defoaming agent	0.2%

SECTION 4: FIRST AID MEASURES

- Eye Contact: Rinse immediately with plenty of water for several minutes. Remove contact lenses if present and easy to do so. Get medical attention if irritation persists.
- Skin Contact: Wash immediately with soap and water. If skin irritation occurs, get medical advice.
- Inhalation: Remove victim to fresh air.
- Ingestion: Do not induce vomiting. Rinse mouth with water. Drink 1 or 2 glasses of water to dilute the substance. Seek immediate medical attention or contact a poison control centre.

SECTION 5: FIREFIGHTING MEASURES

- Extinguishing Media: Water spray, chemical foam, carbon dioxide or dry powder.
- Specific Hazards: Product is not flammable.

SECTION 6: ACCIDENTAL RELEASE MEASURES

- Personal Precautions: Wear appropriate protective equipment such as safety gloves. Avoid contact with skin and eyes.
- Environmental Precautions: Keep product from entering drains, sewers, or waterways.
- Methods for Cleaning Up: Scrape up the majority of the material. Collect and transfer it to a safe place in a bag. For large spills, cover with plastic sheeting or canvas. Spilled product can be mixed with sand or soil and dried to form solid waste, which can be treated as construction waste.

SECTION 7: HANDLING AND STORAGE

- Handling: Use in well-ventilated areas. Avoid contact with skin and eyes. Wear suitable protective gloves. Wash hands thoroughly after handling.
- Storage: Keep in a cool, well-ventilated place away from direct sunlight and excessive heat. Containers must be kept tightly closed. Store at temperatures above 0°C and protect from freezing.

SECTION 8: EXPOSURE CONTROLS AND PERSONAL PROTECTION

- Occupational Exposure Limits: No specific limits established for this product mixture.
- Personal Protective Equipment (PPE): Wear safety glasses and chemical-resistant gloves.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

- Appearance: Liquid
- Colour: Milky white
- Odour: Mild non-irritating odour
- VOC: Low (near zero)
- pH: 6.5 to 8.5
- Water Solubility (20°C): Miscible with water
- Flash Point: Not applicable
- Flammability: Non-flammable

SECTION 10: STABILITY AND REACTIVITY

- Chemical Stability: Stable under normal conditions.
- Reactivity: No decomposition or hazardous reaction occurs when used as directed.

SECTION 11: TOXICOLOGICAL INFORMATION

- Acute Toxicity: Based on available data, the classification criteria are not met.
- Skin Contact: Prolonged or repeated contact may cause skin dryness or irritation.
- Eye Contact: Direct contact may cause temporary irritation.

SECTION 12: ECOLOGICAL INFORMATION

Ecotoxicity: Avoid contaminating waterways. Do not discharge directly into drains, sewers, or soil.

SECTION 13: DISPOSAL CONSIDERATIONS

Disposal Methods: Minimise waste generation. Do not discharge waste products into the sewer. Dispose of empty packaging and construction waste in accordance with local and state regulations.

SECTION 14: TRANSPORT INFORMATION

- Road and Rail Transport (ADG Code): Not classified as Dangerous Goods.
- Marine Transport (IMDG Code): Not classified as Dangerous Goods.
- Air Transport (ICAO/IATA): Not classified as Dangerous Goods.

SECTION 15: REGULATORY INFORMATION

- AIIC (Australia): All components of this product are listed on or exempt from the Australian Inventory of Industrial Chemicals (AIIC).
- Poisons Schedule (SUSMP): Not scheduled.

SECTION 16: ANY OTHER RELEVANT INFORMATION

Date of Preparation: October 2026
